*W*ith the average wedding taking 250 hours to prepare and the average cost being approximately £20,000, with many couples both working full time it can be difficult for them to find that valuable time to make those necessary calls or surf the internet for inspiration.

Thus making it a stressful and overwhelming time when it should be exciting and magical, just researching and sourcing vendors can take 2 months alone. It's no wonder that many couples run out of steam and struggle to bring together all the elements for a unique wedding.

Professionals are required in most major life events, Why should weddings be any different.

Just some advantages of hiring a wedding planner:

- One point of contact for all your questions and queries
- Flexible meeting arrangements
- Negotiating discounts with suppliers
- Time saving with all pre-wedding suppliers research
- Management of suppliers
- Budget Administration
